FISCAL IMPACT STATEMENT

LS 6396

BILL NUMBER: HB 1004

DATE PREPARED: Nov 20, 2000

BILL AMENDED:

SUBJECT: Back to School Sales Tax Holiday.

FISCAL ANALYST: John Parkey

PHONE NUMBER: 232-9854

FUNDS AFFECTED: X GENERAL
X DEDICATED
FEDERAL

IMPACT: State

Summary of Legislation: This bill provides a sales tax exemption each year for school supplies and articles of clothing priced at less than \$100 each that are purchased during the ten-day period beginning 12:01 a.m. on the first Friday in August and ending 11:59 p.m. on the Sunday that follows ten days later.

Effective Date: July 1, 2001.

Explanation of State Revenues: This proposal may result in a reduction of revenue collected from the Gross Retail (Sales) Tax on clothing and school supplies. This bill is expected to reduce state sales tax revenue by **\$8.1 M**.

Based on historical data from the Bureau of Labor Statistics, *Consumer Expenditure Survey*, it is estimated that the sales tax on clothing under \$100 will generate about \$441,000 in sales tax revenue each day during the FY 2002 exemption period. Since this exemption will last for ten days, the expected loss of revenue will be approximately \$4.4 M in FY 2002. In addition to the exemption on clothing, this bill also exempts school supplies from the sales tax. Adjusted survey data from industry sources suggest that the exemption on school supplies will reduce the state's sales tax revenue by approximately \$3.7 M in FY 2002.

Because of the timing of this proposal, school supplies and textbooks purchased by college students were not included in the estimated loss. However, if this sales tax exemption were to induce college students to purchase their books and supplies early, the impact could increase by approximately \$5.2 M in FY 2002.

The estimates above are based on historical data and projected growth. They do not consider any increased sales that may result from an incentive caused by the proposed exemption. The loss of sales tax revenue may be partially mitigated by increased taxable sales of other items, such as meals or other taxable items not included in this exemption.

Gross Retail (Sales) and Use taxes are deposited in the State General Fund (59.03%), the Property Tax Replacement Fund (40%), the Public Mass Transportation Fund (0.76%), the Commuter Rail Service Fund (0.17%), and the Industrial Rail Service Loan Fund (0.04%).

The reductions in these funds for FY 2002 are estimated to be:

State General Fund:	\$ 4,796,260
Property Tax Replacement Fund:	\$ 3,250,049
Public Mass Transportation Fund:	\$ 61,751
Commuter Rail Service Fund:	\$ 13,813
Industrial Rail Service Fund:	<u>\$ 3,250</u>
Total	\$ 8,125,123
